

Name: _____

Citizenship: At Home and at School

Citizenship skills can be practiced at home and at school. Make a log using pictures and words to compare the citizenship skills you practice at home and at school. When you are done, count how many citizenship skills were done at home and at school.

Choose a way or a combination of ways to show your learning:

- Use the attached log.
- Create a picture graph of the citizenship skills you counted.
- Draw a picture and write about how you are a good citizen at home.
- Create a video describing what it means to be a good citizen.
- You choose!

| At home | At school | In my community |
|---------|-----------|-----------------|
| | | |
| | | |
| | | |

How many ways can I think of to be a good citizen:

At home? _____

At school? _____

Community? _____
